

GEORGE K. J

Angular Developer | Frontend / Full Stack Developer

Kannur, Kerala, India | +91 7907351637 | georgejo1012@gmail.com

PROFESSIONAL SUMMARY

Frontend-focused Full Stack Developer with 4.5+ years of experience designing, building and optimizing scalable, high-performance web applications. Deep expertise in Angular (v12–18), TypeScript and RxJS, complemented by hands-on experience with React.js and backend development using Node.js, NestJS, Express.js, MySQL and MongoDB. Skilled at modernizing legacy codebases, architecting reusable component libraries, integrating RESTful APIs and implementing performance strategies such as lazy loading to deliver fast, responsive user experiences. Leverages AI-assisted development to accelerate delivery without compromising code quality. Trusted team contributor who mentors junior developers, drives code-review standards and partners closely with backend and product teams in Agile environments to ship reliable, business-focused solutions.

TECHNICAL SKILLS

Frontend: Angular (v12–18), React.js, Vue.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, RxJS

UI Frameworks: Angular Material, Bootstrap, Tailwind CSS, Responsive Web Design

Backend: Node.js, NestJS, Express.js, RESTful APIs, OAuth Authentication, MVC Architecture

Databases: MySQL, MongoDB

Tools & Practices: Git / Version Control, Agile / Scrum, Testing and Debugging, Performance Optimization, Lazy Loading, Code Reviews, AI-Assisted Development

WORK EXPERIENCE

Associate Angular Developer

07/2023 – Present

Lithos Technosoft Pvt Ltd | 3 years 3 months

- Develop and maintain scalable web applications using Angular (v17+) and TypeScript.
- Optimize application performance through lazy loading and efficient component design.
- Integrate RESTful APIs and improve data handling in collaboration with backend teams.
- Migrate legacy code to modern Angular standards to improve maintainability.
- Mentor junior developers and participate in code reviews to maintain code quality.
- Improve UI responsiveness and overall user experience across applications.

React Web Applications (AI-Assisted Development)

- Built 2 modern web applications using React.js and Node.js.
- Used AI-assisted development tools and code generators to accelerate development.
- Implemented responsive UI and reusable components; integrated APIs and managed application state, focusing on fast delivery and performance.

Junior Software Developer

03/2022 – 06/2023

Cloudium Softwares Pvt Ltd | 1 year 4 months

- Developed and maintained web applications using Angular and TypeScript.
- Built reusable components to improve development efficiency.
- Integrated RESTful APIs to handle dynamic data and managed asynchronous operations using RxJS.
- Improved application performance through optimization techniques.
- Contributed to the implementation of an OAuth-based authentication system.
- Worked in an Agile environment, participating in sprint planning, stand-ups and retrospectives.

EDUCATION

Bachelor of Technology (B.Tech)

2017 – 2021

TOMS College of Engineering

Higher Secondary

2015 – 2017

St. Aloysius H.S.S., Athirampuzha

SSLC

2015

SH Mount H.S.S., Kottayam

ADDITIONAL INFORMATION

Soft Skills: Problem-Solving, Collaboration, Communication, Mentoring | **Languages:** English, Malayalam, Hindi, Tamil
